

NOTICE

**Water Environment Services (WES)
Clackamas County Service District No. 1
Wastewater System Development Charge
Increase Effective February 1, 2010**

The Clackamas County Board of Commissioners approved the implementation of a System Development Charge (SDC) rate increase effective August 4, 2008 in Clackamas County Service District No. 1's North Clackamas Service Area. Implementation of this increase was divided into three phases.

This increase is the final of the three phased increases. The increased revenue will offset the cost impact associated with servicing the growth within the service area's boundary. Prior to the August 4, 2008 increase, the District had not modified its sanitary sewer SDC rate since 1997.

SDC Fee Schedule

Current Charge	\$5200. per EDU
Effective February 2010	\$6600. per EDU
