CLACKAMASTM
FEDERAL CREDIT UNION

Comfortable and down to earth.

At Clackamas Federal Credit Union we work to provide a banking experience that's a little bit like a t-shirt – relaxed and authentic. Unlike a bank, we're 100% not-for-profit and 100% owned by our members. Our mission is to help our members succeed – not to worry about Wall Street.

Chances are, you're eligible to join us. As a member you'll have access to all the services and privileges our credit union offers. You'll also benefit from the real differences that make us stand out from the big banks.

Membership Advantages

Close to home.

Because our focus is local we can give our full attention to the individuals that share our community. Our aim is to give back to families, businesses, and charitable organizations right here – close to home.

Not-for-profit.

We don't have shareholders watching a stock price. Our mission is to help our members succeed. Our profits go back to our members, saving you money.

NCUA Insurance.

We are federally insured by the National Credit Union Administration. Not one penny of insured funds has ever been lost by a member of a federally insured credit union.

Lower fees.

As our economy struggles to recover many large banks are increasing fees at a time when people can afford it the least. We have lower fees and we work to give you options to prevent fees.

Better rates on loans.

Compare our rates to the big banks. We think you'll agree we can save you some money when you need to borrow a little.

Better rates on deposits.

Compare our rates to the big banks. Let us help you earn a little more on your savings.
